Ruins of the Arches
OLD MISSION SAN JUAN CAPISTRANO

Founded November 1, 1776

These old columns, mellowed by erosion of time and weather, stand north of the Soldiers' Barracks near California's oldest building, the only remaining church originally used by Father Serra. The birds are White King pigeons from the Mission's flock.

Dear Valerie.

There birds are
here by the hundreds.
Beautiful white ones.

Grand pop & I are going
to Disneyland in a day or
two. You would like you
to see it. So Grandma
& Grand pop.
